

**Making Ideas
Happen**

Who We Are?

We

are craftsman
bringing people
together to make
most out of the
events.

About Us

"Once upon a time, there was a man who organized an international conference with more than 1,000 participants all by himself...", that happens only in fairy tales. In real life, you look for **CREATIVA** - a professional event and conference organizing team which always goes above and beyond what is expected to make your ideas come true. Our longstanding experience made us believe it takes work to create magic. Each client is a new story for us, and we want that story to have a happy ending. It is the reason why we put so much time and effort into everything we do.
